These new rates are needed to help cover rising operational costs caused by the bond payments on the waterline replacement project, and to encourage conservation of our most precious resource as prescribed by the Texas Commission on Environmental Quality.

The first billing that these rates apply will be your January usage which is shown on the bill you receive in February. If you have any questions, you may contact the General Manager of the Lake Kiowa Special Utility District at our office by phone (940) 668-8391, or at 133 Kiowa Dr. S., Lake Kiowa, Tx. 76240.

**Please be aware that the US Postal Service has changed its proposed first-class delivery from 3 days to 5 days. This could affect when you receive your bill.**

**This will also require you to mail your payments earlier than you may have previously.**

**It also may require that online bank payments be made earlier since some bank processing companies physically mail checks to our office.**

**We do offer online email billing notification! This allows you to get an email on the day that bills are mailed out. You can see the amount, access your account, and print a copy of your bill. You will need to call our office to have this FREE service added to your account.**
